

Szabo on Skin

DR. SACI SZABO, MD, FAAD · DERMATOLOGIST, PHYSICIAN-SCIENTIST & MEDIA EXPERT

SPEAKER ONE-SHEET

Dermatology, made clear for real audiences.

Dr. Saci Szabo speaks at industry conferences, dermatology and aesthetic events, corporate wellness programs, and media panels, in person and virtually. She pairs physician-scientist credibility with a warm, plain-spoken style that leaves audiences with things they can actually use.

Talks & topics

A full-spectrum dermatologist, Dr. Szabo tailors talks to any audience. Popular themes:

- **Women's skin in perimenopause & menopause.** Hormonal skin change, collagen loss, dryness, adult acne, rosacea, pigmentation and midlife hair thinning.
- **Hair loss & anti-aging haircare.** Causes of thinning and shedding, midlife hormonal shifts, and the evaluation and options that genuinely help.
- **Peptides: topical vs. injectable.** How topical peptides differ from injectables, which topicals suit which skin types, and what the evidence supports.
- **Sun protection & sunscreen.** Choosing and using sunscreen correctly, UVA vs. UVB, and skin cancer prevention and early detection.
- **Aesthetic & cosmetic dermatology.** Fillers and the GLP-1 volume-loss connection, energy-based skin tightening, and neck, chest and arm rejuvenation.
- **General & medical dermatology.** The full field: everyday skin concerns, acne, rosacea, eczema, skin cancer screening and overall skin health.

Formats

- Keynotes and fireside chats
- Expert panels and moderated Q&A
- Media interviews and expert commentary on deadline
- Corporate wellness and audience workshops
